Who we can help

If you grew up in a children's orphanage or out-of-home 'care' in Victoria prior to 1990, you may be eligible for Open Place services.

If you grew up in another state or territory prior to 1990, but now live in Victoria, we may be able to support you through the national Find & Connect service.

To contact **Find & Connect** in your state or territory, call **1800 16 11 09** or visit **findandconnect.gov.au**

What we do

Community education

To organise for a speaker to come and present about the Forgotten Australian journey and its impacts, please contact us and ask to speak with our Community Education Coordinator.

Community outreach

When needed, we may be able to provide outreach visits for our services.

Coordinated support program

This program provides a range of supports to improve health and wellbeing, including information, referral, outreach and advocacy.

Counselling

Our small team of counsellors can support you with your counselling needs, including arranging counselling in your local area. Limited counselling support is also available for your immediate family members, free of charge.

Drop-In

We provide a safe and welcoming place for Forgotten Australians to meet up, use our facilities and computers, get support, share a meal, and join in group activities. Drop-In is available on specific days of the week. Please visit our website to view our Drop-In operating hours.

Health support

We receive funding to help you with your health-related costs. We can also help you to navigate mainstream and specialist health services. Where possible, we'll negotiate with health providers to maximise your benefits.

Redress schemes support

We support people who are applying, or thinking of applying, to the National Redress Scheme (NRS). The NRS is in response to the Royal Commission into Institutional Responses to Child Sexual Abuse.

We will also provide support in relation to the Victorian Redress Scheme for Forgotten Australians.

Records searches and family reunions

We can:

- help you access records from your time 'in care' and offer support as you go through these records. This could be your records relating to your wardship, records from your time in a home or institution, and other identification records such as your birth certificate.
- help you access family records and search for family members who you were separated from or lost contact with due to being placed 'in care'.
- provide support with family reunification.

Social support groups (SSGs)

Our SSGs around Victoria provide opportunities for you to meet other Forgotten Australians/Pre-1990 Care Leavers. To find your closest group location, please contact us or visit our website.

We acknowledge the pain and loss of childhood experienced by Forgotten Australians and we recognise the lifelong impacts of childhood trauma.

We acknowledge the Aboriginal and Torres Strait Islander peoples as the Traditional Owners of the lands and waterways of Australia. We support Aboriginal people's right to self-determination and culturally safe services.

We are committed to providing safe, inclusive and accessible services for all people.

Privacy

We only collect information from you that we need to provide the best quality service. We respect the privacy of your personal information and use it only in accordance with the law.

Feedback

We value your feedback via our suggestion box, letter, email, phone, online, or in person. You'll find our contact details on the back of this brochure.
